

Your web address says the server is down.

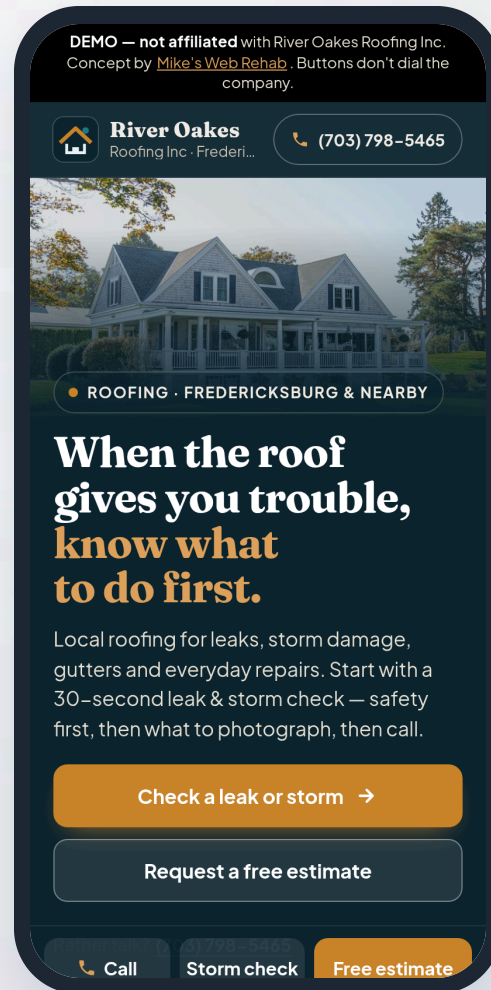

I pulled up **river-oakes.com** on my phone. Here's what a customer sees today, and what it could look like.

TODAY

river-oakes.com opens a Cloudflare page: "Web server is down," Error 521. Google has no website linked for the shop.

FIXED MOCKUP

A phone-first homepage with your number up top, services neighbors ask about, and a leak & storm check.

Want 10 minutes on the phone?

I'll open your web address on your phone with you and show what I'd fix first. No pitch, no cost for the walkthrough.

Flat price, live in 7 days, and any new web address is registered in your name.
